

## War is not the answer

All Americans want to stop Iran from developing nuclear weapons and interfering on the ground inside Iraq. Yet President Bush's saber rattling gives the US little additional leverage to engage and dissuade Iran, and, more than likely, simply accelerates a dangerous slide into war. The United States can do better than this.

Please join the Iraq War veterans at [VoteVets.org](http://VoteVets.org) and Retired General Wesley Clark -- Send an email to your members of Congress -- Write a letter to your local media today. We must do everything in our power to stop President Bush's dangerous slide into war with Iran.
